

THIS SHETLAND PONY PLAYS SICK AT HOSPITAL TO PLEASE LITTLE CRIPPLES CONFINED THERE

BY AUNT GERTIE.

If you were a cripple and never could go outdoors to see all the wonderful things there are to make children happy wouldn't you be surprised and pleased if a dear, little Shetland pony pushed his soft, warm nose close up to the covers of your tiny white bed, in the hospital ward, and said, as plain as words, "How are you today?"

That's just what pretty Roland-Berwick, an English pony, does every Sunday afternoon at the Great Northern hospital in Holloway, England. This almost human four-footed friend of the sick children belongs to a Mrs. Shepherd of Clerkenwell. She is very fond of children and very sorry, indeed, for those who cannot go outdoors to play. So Roland-Berwick goes each week, at least one day, to cheer the hearts of the little

hospital folks. He seems to understand why he is sent there quite well and never slights a single child.

Roland has been taught some very clever little tricks. After he has been all around the children's ward, one of the nurses put a bandage over his eye as if he were hurt. Then he starts out again and walks up to the children's cots and waits for them to sympathize with him.

When the bell rings to notify visitors that they must leave the hospital, Roland trots out of the ward into the wait-room elevator to be taken downstairs.

But do you think he trots right out into the yard? Dear me, no. He waits, for, you see, some one always gives him sugar and other dainty goodies for his afternoon's work!

The authorities at St. Mary's have decided that hereafter the grounds of the institution will not be opened to the public.

During the vacation months, visitors who wish to be shown through the buildings at St. Mary's will be accommodated on Tuesday's and Thursday's from 10 a. m. to 5 p. m.

TELEPHONE COS. MADE DEFENDANTS

Atty. Gen. McReynolds Starts Action to Force Pacific Coast Lines to Permit More Competition.

PORTLAND, Ore., July 25.—Dissolution of the alleged telephone monopoly on the Pacific coast by the American Telephone and Telegraph Co., the so-called Bell telephone trust, is sought by Atty. Gen. McReynolds in a civil anti-trust suit filed here Thursday. The government charges the giant corporation and its subsidiaries with absorbing independent telephone companies to destroy competition and create a monopoly in Oregon, Washington, Montana and Idaho, in violation of the Sherman law.

It is declared that the suit filed Thursday will not interfere with the sweeping investigation proposed by the interstate commerce commission into the general telephone situation to determine whether the Sherman law should be invoked generally with the purpose of enforcing competition or whether monopoly should be permitted or encouraged under regulation similar to that of railroads.

The attorney-general asks the court to compel the Bell companies to relinquish control of the Independent Telephone Co. of Seattle, the Home Telephone Co. of Puget Sound, the Northwestern Long Distance Telephone Co., the Interstate Consolidated Telephone Co. and the Independent Long Distance Telephone Co. If necessary to accomplish the dissolution the court is asked to appoint a receiver for the properties.

Atty. Gen. McReynolds asks for the restoration, as far as practicable on competitive conditions existing prior to the consolidations and that the Bell companies, their officers and agents be enjoined from acquiring interest in or control of the companies relinquished.

SING SING UNDER GUARD OF MILITIA

Fire at Prison Was Followed by a Strike of a Thousand Convicts and Further Trouble is Feared.

OSSINING, N. Y., July 25.—Two companies of state militia were waiting in White Plains and Yonkers Thursday night under orders to respond to a possible emergency call in view of the situation at Sing Sing prison, where mutinous convicts have been causing serious trouble for two days past.

Invoking the riot law, Supervisor John S. Jenkins called upon the West Chester county authorities to be ready to dispatch guardsmen here. He called attention to the gravity of the situation developed in the prison since the fire that destroyed \$150,000 worth of property there on Wednesday.

Thursday a second fire, believed to have been set by incendiaries, was followed by a strike among 1,000 convicts. Threats that extreme measures would be adopted induced the malcontents to return to their cells. When darkness fell tonight the hoots and jeers of hundreds of convicts could be heard all over Ossining.

Warden Clancy announced that the prisoners were well within control, and that tomorrow morning 60 of the leaders, most of them second term men, would be transported to the state prison at Auburn.
